

# ABM Pasta Club

According to Ukrainian standards, raw materials affect the division of pasta into groups A, B, C (depending on the type of wheat) and into higher, first and second grades (depending on the type of flour):

Group A: made from durum wheat flour of the highest, first and second grades.

Group B: made from soft vitreous wheat flour of the highest and first grades.

Group C: made from wheat baking flour of the highest and first grades.

All types of packaging are available for customers, including Private Label.

Wholesale deliveries from 21-22 tons trucks or sea containers 20-40 feet
